 - Out-of-Season activities are not allowed during the following periods:

Sport Rules:

- National Federation of High Schools Rules (NFHS)-
 - The NCISAA is an affiliate member of the NFHS.
 - National High School Federation rules apply when NCISAA rules do not cover a particular application.
 - Visit www.nfhs.org to find sport specific rules and annual updates.
- It is important for athletic directors and coaches to annually review rules changes each season. Rule Books are available for online purchase on the NFHS website.
- Rules-
 - Heads of schools and athletic directors are responsible for seeing that these rules and concepts are understood and followed by their coaching staff without exception.

- b. Enforcement of all NCISAA rules is the responsibility of each school, each conference, the NCISAA Board of Advisors, the NCISAA Board of Trustees and the NCISAA State Office.
- Mandatory Helmet (Coaches)
 - a. All coaches must be wearing a helmet or “skull cap” while coaching from the 1st or 3rd base line.
 - P/DH Rule-
 - a. A hitter may be (not mandatory) designated for any one starting player (not just pitchers) and all subsequent substitutes for that player in the game. A starting defensive player cannot be listed as the designated hitter in the starting lineup. A designated hitter for said player shall be selected prior to the start of the game. His name shall be included on the lineup cards presented to the umpire-in-chief and to the official scorer. Failure to declare a designated hitter prior to the game precludes the use of a designated hitter in the game. If a pinch hitter or pinch runner for the designated hitter is used, that player becomes the new designated hitter. The player who was the designated hitter may re-enter as the designated hitter under the re-enter rule. A designated hitter and the player for whom he is batting are locked into the batting order. No multiple substitutions may be made that will alter the batting rotation. The role of the designated hitter is terminated for the remainder of the game when:
 - The defensive player, or any previous defensive player for whom the designated hitter batted, subsequently bats, pinch-hits or pinch-runs for the designated hitter: or
 - The designated hitter or any previous designated hitter assumes a defensive position.
 - Approved Pitch Count:
 - a. All schools and coaches must abide by these limitations and report their pitch counts as described.
 - Maximum pitches allowed per day: 105
 - The required rest periods are based on the number of pitches thrown in a game to actual batters.
 - Once the limit is reached a pitcher may finish pitching to that batter.
 - One day of rest is required if a pitcher pitches two straight days.
 - Days of rest are measured in calendar days, not 24-hour periods. If a player throws 55 pitches on Monday they are not able to pitch on either Tuesday or Wednesday, but could pitch again anytime on Thursday.
 - Only pitches thrown to a batter count toward the pitch count.
 - All pitches thrown to a batter count toward the pitch count, including foul balls.
 - Pitch count applies to all games (in-state, out-of-state, regular season, etc).
 - Coaches need to confer once per inning on pitch count.
 - Pitchers can throw in both games of a double header, total pitches of both games not to exceed 105 pitches.

b.

# of Pitches Thrown In A Day	# Required Calendar Days of Rest
76-105	4
61-75	3
46-60	2
31-45	1
1-30	0

c. Tracking Pitches:

- During the regular season, each team must designate a student or adult who is responsible to track the pitches for their team. During the postseason this must be an adult. During the postseason, each team should track the pitches for both their team and their opponent.
 - During the postseason, after each game those responsible for tracking pitches will confirm the number of pitches for that game. Any discrepancies need to be worked out at that time. If a dispute cannot be resolved the number calculated by the home team will stand as the official number. Umpires will not be involved in tracking or confirming the number of pitches.
 - Each team is responsible to record the pitch counts for each participating pitcher by 11:00am the following morning on MaxPreps. If the next game is played prior to 11:00am, the pitch count paper form from the previous game must be shared with the opponent no less than 45 minutes prior to the game.
- d. Penalties:
- *Violation of Pitch Count Rule:*
 1. When a pitcher pitches more than the allotted number of pitches or does not meet the rest requirement they become an ineligible athlete.
 - a. 1st Offense: Game is forfeited and the Head Coach is reprimanded and fined.
 - b. 2nd Offense: Game is forfeited and the Head Coach is suspended for two games and fined.
 - c. 3rd Offense: Game is forfeited and the Head Coach is suspended for four games and fined.
 - d. 4th Offense: Game is forfeited, and the Head Coach is suspended for one year, school is on immediate probation (which means ineligible for playoffs) and fined.
 - *Violation of tracking pitches policy:*
 1. Failure to record and track pitches as per the following stipulations will result in the following penalties:
 - a. 1st Offense: Head Coach is reprimanded and fined
 - b. 2nd Offense: Head Coach is suspended for two games and fined
 - c. 3rd Offense: Head Coach is suspended for four games and fined
 - d. 4th Offense: Head Coach is suspended for one year, school is on immediate probation (which means ineligible for playoffs) and fined
- e. Other Notes:
- Except for the State Championship Series, a pitcher must have 1 day of rest after 2 consecutive days of pitching, regardless of the number of pitches thrown.
 - Pitch count applies only to pitches thrown during an at bat.
 - A pitcher is allowed to finish an at bat if they reach 105 pitches.
 - Accountability forms for tracking (signed by competing coaches, entered into MaxPreps).
 - State Championship Only: Max of 120 pitches for the series (Best of 3 Series scheduled for 1 game on Friday and possibly 2 games on Saturday).
- f. MaxPreps:
- Pitch counts must be entered into MaxPreps prior to your next contest.
- g. Game Day Tracking Form:
- This form may also be found on the AD RESOURCES tab/NCISAA RESOURCES/FORMS page of the NCISAA website.
 - The forms must be kept on file throughout the season.
 - Please do not send these forms to the NCISAA unless there is a suspended game.
- h. Suspended Game:

- In the event of a suspended game, copies of the Game Day Tracking Forms must be emailed to the NCISAA office – info@ncisaa.org.
- It must be indicated on the form that the contest was suspended or picked up from the point of interruption.
- This is important because the game will not appear as suspended on MaxPreps and thus may or may not look within the approved regulations.
- Example:
 1. Pitcher throws 80 pitches in a suspended game.
 2. Four (4) days of rest are still required; however, suppose the game is not picked up from point of interruption until 10 days later.
 3. Then, the pitcher may be eligible to throw 105 pitches.
 4. If the pitcher throws another 80 pitches it will appear in MaxPreps that the pitcher threw 160 pitches in a single contest.
